

**RESOLUTION NO. 2017-34**

**AUTHORIZING MANAGEMENT OF THE GUAM POWER AUTHORITY TO PETITION THE PUC FOR APPROVAL OF THE PHASE III RENEWABLE ACQUISITION MULTISTEP BID DOCUMENTS UNDER THE PROCUREMENT PROTOCOL**

**WHEREAS**, in May 2015, via Resolution 2015-32, the CCU authorized GPA to initiate Phase III Renewable Acquisition for renewable energy from Solar PV on lease Navy properties; and

**WHEREAS**, the resolution referred to Phase II procurement documents with minor modifications that include GPA provided sites and restricted renewable resources to Solar Photovoltaic renewable energy on GPA provided sites; and

**WHEREAS**, since 2015, GPA has modified the Phase II bid documents to include energy storage for ramping; and

**WHEREAS**, preliminary drafts and discussions on the Phase II System Impact Studies and GPA's intended award for Phase II for up to 120 MW would impact GPA ability to receive solar energy during the solar energy production period; and

**WHEREAS**, GPA intends to increase the storage requirements for the primary purpose of shifting delivery of all energy produced by the solar facility to be delivered as required (i.e. during peak hours) with minimal intermittency impact on the grid; and

**WHEREAS**, GPA has modified the bid documents to reflect the land leased properties and additional energy storage requirements.

**NOW, THEREFORE, BE IT RESOLVED**, by the CONSOLIDATED COMMISSION ON UTILITIES subject to the review and approval of the Public Utilities Commission as follows:

1. The General Manager is authorized to petition the PUC for approval of the Phase III Renewable Acquisition Multi-Step Bid Documents which would require the shifting of all energy produced to the evening peak hours.

32           **RESOLVED**, that the Chairman of the Commission certifies and the Secretary of the  
33 Commission attests the adoption of this Resolution.
