BID PRICE EVALUATION:

- GWA's evaluation showed discrepancies in both the total base bid and additive bid prices. The total amount for the base bid and additive bid appears to be incorrect and does not correlate with the actual sum of bid prices upon review. Discrepancies were found on Table Mand N, total base bid and additive bid amounts. GWA obtained total amounts of **\$4,208,197.00** and **\$8,602,199.00**, but the Bid Form Revision 1 indicated total amounts of **\$4,208,215.00** and **\$8,602,200.00**, respectively. Please verify the correct subtotal and total amounts in each of the tables on the Bid Form Revision 1 and submit a letter to confirm the bid price with the correct corresponding values to GWA Engineering Division.

AIC Response:

Please see attached corrected Bid Form. Note that the above discrepancies were due to the rounding of numbers.
