Issues for Decision

Resolution No. 13- FY2021

Relative to Approving the Charge-off of Guam Waterworks Authority Receivables Deemed Uncollectible

What is the project's objective and is it necessary and urgent?

It is good accounting practice to regularly review accounts receivable to ensure the Allowance for Doubtful Accounts is appropriate and to write off accounts that are deemed uncollectible. If uncollectible receivables are not written off regularly, eg annually, Accounts Receivable and the related Allowance become overstated.

The last write off was performed in May 2020. We are proposing this resolution currently to prepare accounts for the transition to the new system in May 2021.

Where is the location?

Not applicable

How much will it cost?

Proposed amounts to be charged off are \$1,593,153.

Account	Count	Amount
Trade Receivables	110	\$ 1,471,105
Accounts Receivable, Government	2	59,483
Accounts Receivable, Others	8	62,565
Total	120	\$ 1,593,153

Accounts Receivable, Government are for accounts billed to 1) Guam International Airport of \$13, 944 for work conducted in 2001, 2012, and 2014 and 2) Guam Power Authority of \$45,539 for work conducted between 2004 and 2016. Equipment rental of \$12,208 in 2014 is the largest charge to GIAA and work at Fadian in 2013 of \$25,484 is the largest charge to GPA. GWA continues to bill for these amounts owed.

Accounts Receivable, Others are for accounts billed to business from 2001 to 2017. Many of the smaller billings are for sewer discharge. The larger amounts are for work orders, the largest of which is to Coretech for work done between 2009 and 2012 totaling

\$29,743. These businesses have all been recently contacted and we continue to work on collecting these outstanding amounts.

As receivables are written off, the Allowance is adjusted. The write off of receivables will not impact income as the amounts were expensed as the Allowance was adjusted, i.e., the write off will reduce the Accounts Receivable and the Allowance for Doubtful Accounts balances on the Statement of Net Position (aka Balance Sheet).

Note, if these receivables are eventually collected, the amounts will be recognized as Miscellaneous Income.

When will it be completed? As soon as approved by the CCU.

What is the funding source? Not applicable

The RFP/BID responses (if applicable): Not applicable.

GWA RESOLUTION NO. 13-FY2021

RELATIVE TO APPROVING THE CHARGE-OFF OF GUAM WATERWORKS AUTHORITY RECEIVABLES DEEMED UNCOLLECTIBLE

WHEREAS, under 12 G.C.A. § 14105, the Consolidated Commission on Utilities ("CCU") has plenary authority over financial, contractual, and policy matters relative to the Guam Waterworks Authority ("GWA"); and

WHEREAS, the Guam Waterworks Authority ("GWA") is a Guam Public Corporation established and existing under the laws of Guam; and

WHEREAS, GWA Finance regularly reviews accounts receivable and recognizes that not all accounts will be collectible through the Allowance of Doubtful Accounts; and

WHEREAS, despite best efforts by GWA to collect outstanding balances, the age of certain receivables exceeds the statute of limitations per 7 GCA § 1134; and

WHEREAS, documentation for many of these receivables are not easily found; and

WHEREAS, it is good accounting practice to regularly write off accounts that are deemed
 uncollectible; and

WHEREAS, after consideration of the aforementioned, management recommends GWA charge off \$1,593,153 as summarized herein and further detailed in Exhibit A:

Account	Count	Amount
Trade Receivables	110	\$ 1,471,105
Accounts Receivable, Government	2	59,483
Accounts Receivable, Others	8	62,565

Resolution No. 14-FY2021

Relative to Updating the Guam Waterworks Authority Overtime Policy for Exempt Employees

What is the project's objective and is it necessary and urgent?

The objective of this resolution is to enhance consistency in the application and payment of overtime payment to its employees in compliance with the new criterion established in the recently amended federal Fair Labor Standards Act (FLSA). Management has determined the need to align existing pay policies with the FLSA, narrow the applicability of overtime related to emergency situations, and reduce potential overtime liability as a result of CCU Resolution No. 09-FY2010 (Appendix B) that authorized GWA's Exempt CTP employees to be eligible for overtime. This Resolution if approved, will supersede CCU Resolution No. 09-FY2019, authorized and approved on 23 March 2010.

The GWA Management requests that Exempt employees be eligible for overtime:

- 1) during typhoon Conditions of Readiness 1; and
- 2) during subsequent typhoon recovery efforts under a declared state of emergency by the Governor; and
- 3) subject to proper budget authority and other GWA policies in place to ensure overtime is not abused.

Where is the location?

This action affects GWA employees in all locations. The authorization and application of overtime policies for all GWA employees holding CTP positions based on the Fair Labor Standards Act definitions of Non-Exempt and Exempt employees. GWA positions are identified and Non-Exempt or Exempt in Appendix A.

How much will it cost?

Generally, this action will likely result in a cost savings for OT expenditures. Cost will be determined through the General Manager's authority to pre-approve necessary overtime work as necessary in accordance with the GWA Personnel Rules and Regulations, Chapter 7.400, Overtime.

When will it be completed?

Payment of overtime for Non-Exempt CTP employees as listed on appendix A, effective immediately upon approval of this CCU Resolution.

What is the funding source?

Operations and Maintenance

GWA RESOLUTION NO. 14-FY2021

RELATIVE TO UPDATING THE GWA OVERTIME POLICY FOR EXEMPT EMPLOYEES

WHEREAS, under 12 G.C.A. § 14105, the Consolidated Commission on Utilities ("CCU") has plenary authority over financial, contractual, and policy matters relative to the Guam Waterworks Authority ("GWA"); and

WHEREAS, pursuant to Public Law 28-159 and Title 12, Chapter 14 of the Guam Code Annotated, the Consolidated Commission on Utilities has the power and authority to establish policy for the Guam Waterworks Authority ("GWA") which includes creating policies applicable to all Certified, Technical and Professional employees; and

WHEREAS, the Guam Waterworks Authority is a Guam Public Corporation established and existing under the laws of Guam; and

WHEREAS, the Fair Labor Standards Act (FLSA), as amended in December 2019, and effective 16 January 2020; enforces the payment of overtime to employees meeting established criteria of positions deemed Exempt and Non-Exempt; and

WHEREAS, the CCU agrees with GWA Management that all employees holding CTP positions listed on appendix A as Non-Exempt be authorized overtime payment subject to proper budget authority and other GWA policies in place to ensure overtime is not abused; and

WHEREAS, CCU Resolution No. 09-FY2010 authorized that all GWA Exempt employees be allowed to earn overtime under any circumstances subject to proper budget authority and other GWA policies in place to ensure overtime is not abused; and

WHEREAS, the CCU agrees with GWA Management that all employees holding CTP
 positions listed on Appendix A as Exempt are authorized for overtime payment only during
 typhoon Conditions of Readiness 1 and 2 and subsequent typhoon recovery efforts during a
 declared state of emergency by the Governor. Overtime payments are subject to proper budget
 authority and other GWA policies in place to ensure overtime is not abused.

NOW BE IT THEREFORE RESOLVED, the Consolidated Commission on Utilities does hereby approve the following:

- 1. The recitals set forth above hereby constitute the findings of the CCU.
- This Resolution shall supersede the previous policy contained in Resolution 90-FY2010.
- The CCU finds that GWA Management desires to enhance compliance with the FLSA, as amended in December 2019 and effective 16 January 2020, by allowing overtime payment to its employees holding CTP positions deemed as Non-Exempt in Appendix A.
- The CCU hereby authorizes GWA General Manager to further designate newly created positions as necessary, pursuant to applicable FLSA criteria, as meeting non-exempt status for subsequent inclusion in the GWA Position Inventory shown in Appendix A.
- 5. The CCU authorizes the GWA General Manager to compensate Exempt employees holding CTP position for overtime only during typhoon Conditions of Readiness 1 and 2 and subsequent typhoon recovery efforts during a declared state of emergency by the Governor; and subsequent to the General Manager's approval.

RESOLVED, that the Chairman certified and the Board Secretary attests to the adoption of this Resolution.

GUAM CONSOLIDATED COMMISSION ON UTILITIES RESOLUTION NO. 09 – FY2010

RELATIVE TO AUTHORIZING OVERTIME FOR CERTIFIED TECHNICAL EMPLOYEES OF THE GUAM WATERWORKS AUTHORITY WHO WERE PREVIOUSLY EXEMPT UNDER THE FAIR LABOR STANDARDS ACT

WHEREAS, under 12 G.C.A. § 14105, the Consolidated Commission on Utilities ("CCU") has plenary authority over financial, contractual and policy matters relative to the Guam Waterworks Authority ("GWA") and the Guam Power Authority ("GPA"); and

WHEREAS, pursuant to Guam Public Law 28-159, and Title 12, Chapter 14 of the Guam Code Annotated, the Consolidated Commission on Utilities has the power and authority to establish policy for the Guam Waterworks Authority, which includes creating policies applicable to all Certified, Technical and Professional employees of the Guam Waterworks Authority; and

WHEREAS, the Fair Labor Standards Act, as amended in 2004, list certain minimum standards for employees who may be deemed to be exempt from overtime; and

WHEREAS, exempt GWA employees are working longer hours and becoming "burnt out" just to ensure that GWA can continue to provide service to its customers given the fact that it is difficult for GWA to hire senior personnel who are properly certified to occupy the positions as evidenced by many open and continuous job announcements; and

WHEREAS, GWA Management has determined that as a matter of policy all Certified Technical and Professional employees occupying exempt positions should no longer be exempt from earning overtime since many of GWA's supervisors and managers work long hours with no additional compensation for that additional work in order to ensure that the best service is provided to GWA's customers; and

WHEREAS, the CCU agrees with GWA Management that all CTP exempt employees should be allowed to earn overtime subject to proper budget authority and other GWA policies in place to ensure that overtime is not abused.

WHEREAS, GWA management recommends that the personnel budget for FY2010 be amended to add an additional four hundred twenty thousand dollars (\$420,000) for the purposes of covering personnel budget shortfalls including increments for non-CTP positions, increases in costs of benefits and CTP exempt overtime costs.

 WHEREAS, GWA management further recommends that the CCU reaffirms prior year personnel budgets that were contingent on funding.

GPA RESOLUTION NO: 2021-07 GWA RESOLUTION NO. 16-FY2021

CONFIRMING MANAGEMENT'S MARCH 2020 EMPLOYEE PANDEMIC PAY DETERMINATION

WHEREAS, the Governor of Guam issued Executive Order 2020-04 effective March 16, 2020 directing all Government operations to shut-down with the exception of essential services; and

WHEREAS, in order to comply with the Executive Order, the Guam Power Authority (GPA) and Guam Waterworks Authority (GWA) closed all facilities to the public however, adequate crews and other personnel were maintained to provide critical power, water and wastewater services to its customers; and

WHEREAS, GPA and GWA management requested guidance from the Department of Administration and the Attorney General regarding the application of the existing DoA Personnel Rules and Regulations, which were adopted by GWA, referencing pay during a declared emergency; and

WHEREAS, GPA and GWA management received limited guidance which conflicted with and did not clearly clarify the application of emergency pay provisions of the DoA Personnel Rules and Regulations; and

WHEREAS, after lengthy management discussion and review by legal counsel, management determined that without any clear guidance to the contrary, the emergency pay provisions of the DoA Personnel Rules and Regulations would be applied strictly and across the board; and

1	WHEREAS, GPA and GWA actions taken conformed with the AG opinion of May 14,				
2	2020;				
3					
4	NOW BE IT RESOLVED, the Consolidated Commission on Utilities does hereby

One Guam Update (through February 2021)

- 01- TMW
 - Next inspection is scheduled in April/May.
 - The license expires May 2021; GWA is requesting that the pumping rates be increased to permitted capacity from 800 to 900 gpm in the renew license agreement.
- 04-OEA Projects
 - Observation Wells/NGLA
 - Temporary Construction Easement (TCE) GWA has not signed the TCES. Although OEA approval of transfer of funds request; the contractor has since pulled out and GWA will re-bid the project.
 - MOA with WERI is still pending the final determination of cost split;
 - Andersen has to be signatory due to the change in the DoD organization changes in the handling of utilities at Andersen.
- 05-Water to Camp Blaz
 - GWA is waiting for a formal request from the Marines on when Camp Blaz needs the water, how much and duration.
 The Navy will follow up with the Marines Camp Blaz Public Works leadership and then discuss with NAVFACMAR.
- 06-Strategy/Framework Discussion Proposed Projects for continued discussion for interoperability
 - o GWA and DOD have decided on 2 high priority projects
 - o 2 High Priorities: Route 16 Intertie & Santa Rosa Intertie
 - Route 16 Intertie GWA and the Navy will review the information and provide feedback.
 - Santa Rosa Intertie Andersen working on a presentation for leadership. GWA needs a response from Andersen. This work will be added to the existing contract GWA has with is contractor current tank project.
 - 5 Medium Priority Projects
 - Connection to Route 7 (NRMC area) this project will be further discussed; The Navy is still dealing with GAC project.
 - Potential support from AG-1 Well for Andersen -
 - Navy Adelup Tank, Potential Interconnect Awaiting GWA completing alignment in their zone. Brett stated
 may be a while for this as contractor is doing work on some A-series wells and alignment on Route 4.
 - Andy South Intertie is at Tank 4 towards Route 15. GWA and DOD will share maps of lines in the area with

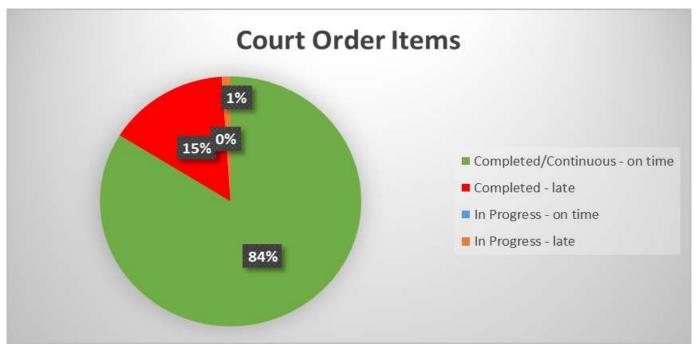

each other.

- Northern Forest Enhancement Medium Priority The Marines are looking into the feasibility of providing their own means of producing water for both this and the Southern forest Enhancement location.
- 07-Property Transfers
 - o Transfer of Navy Laterals at Murray Road and NGLA Observation Well BPM-1 to GWA still pending Navy action
- 30-Other
 - Possible Navy WW Diversion to Agat
 - Coordination is ongoing for the details of capacity of Agat Santa Rita WWTP and the GWA's pre-treatment permit requirements.

 \circ AG-1

- GWA requested clarification on who will be responsible for the maintenance of the water line connected to AG-1
- GWA Planners verified the location of the waterline. Unfortunately, the water line is not where it shown on the map; there is no vehicular access, need to consider relocating the line into the existing road (expense involved) or cutting an access road near the line. The maintenance of the line will need to be reflected in the renewed license.

"Better Water. Better Lives"

Financial Statement Overview February 2021

There were 149 COVID-19 positive tests and 2 COVID-related fatalities reported during the month of February. Executive Order 2021-05 extended the public health emergency from March 1, 2021 to April 4, 2021. Executive Order 2021-04 placed Guam in PCOR3 effective February 22, 2021, allowing more businesses to reopen to the public.

In early November 2020, the Governor introduced the *Strive for Five* campaign to bring down our CAR (COVID Area Risk) score to 5 or less in hopes of moving the community towards some semblance of normalcy. On February 28, 2021, the island's CAR score was at .2 and mass testing was available to the public at no charge at various locations throughout the island.

By the end of February, Guam had received 51,300 vaccines and 52,027 or 101.42% were administered with 20,232 persons receiving both shots. In addition to the 35,260 vaccines allocated to Guam for the month of March, 1,300 doses of the Johnson & Johnson Janssen COVID-19 vaccine arrived in Guam on March 8. Effective March 15, eligibility for COVID-19 vaccines was expanded to adults 50 and older. The National Guard has been administering vaccines at the UOG fieldhouse and vaccines are also more widely available through certain clinics and pharmacies.

Despite the pandemic, about a third of payments continue to be made in person. Using social media, GWA continues to encourage customers to conduct business online or via the phone. As part of this effort, GWA joined the *Going Online Together* campaign in June 2020 with several other organizations. Additionally, CARES funding was approved to customize an automated customer service online support portal which will also include requests for permitting and submissions related to backflow testing on the GWA website; the prototype is in testing.

On April 28, 2020, CCU Resolution 24-FY2020 granted the lifting of credit card limits on payments for nonresidential accounts. To date, approximately 45% of payments made in FY21 were made with credit cards. Below is a summary of payments made and related fees exceeding the limit.

Month	Customer Count	Amount Paid	Fees	% of Fees to Payments
May – September 2020	140	\$241,335	\$4,952	2.05%
October – December 2020	100	\$194,764	\$3,916	2.01%
January 2021	27	\$48,491	\$975	2.01%
February 2021	41	\$91,653	\$1,843	2.01%

Compared to last year, water consumption is down 13% and wastewater flows are down 11% for the month of February. Water consumption in all customer classes for the month fell except for consumption in Agriculture, the Federal and local Government. Wastewater flows decreased for all classes except for Government and Residential, which increased by 10% and 5%.

Both Year to Date (YTD) water and wastewater demand were 11% lower than last year. Although residential demand is up by 5% for water and 6% for wastewater and Federal Government water demand is up 92%, it was not enough to offset reductions in the other customer classes.

GUAM WATERWORKS AUTHORITY "Better Water. Better Lives"

YTD daily water consumption for the period is down 11% from 16,315 to 14,665 Kgals. YTD daily water consumption for the residential class increased by 6%, from 9,576 to 10,158 Kgals. The largest drop in YTD daily water consumption was in the hotel class, a 139% drop going from 2,825 to 1,183 Kgals.

Schools welcomed back students on January 19, 2021 with parents able to choose face to face, online or hard copy instruction; we hope to see GDOE consumption increase as more activities are held at the schools. While Government of Guam has reopened to the public, adopting procedures to protect staff and customers, it's unclear when UOG and GCC might hold in person classes. See Schedule K for Water Demand for FY2015 to FY2021.

In late December, the second United States Corona Relief Package was signed into law. Funding for rental and utility assistance as well as direct funding for water utilities were included. At the end of February, it was announced that the Department of Administration (DOA) would be managing the rental and utility assistance program. The pre-application was posted to the DOA website on March 3, 2021 and Phase 1 pre-applications are due March 19, 2021. A meeting was held with DOA, GWA, GPA, Guam Solid Waste and Guam Housing to discuss the pre-application process. DOA hopes to have the first round of payments go out in April; utilities were told that payments would be made directly to them for utility arrearages. There has been no additional information released regarding the direct assistance to water utilities that will be provided through the US Department of Health & Human Services.

Unemployment assistance has been extended and the Department of Labor is working to include reduced hours in the extension of the unemployment program. The deadline for the expenditure of CARES funding was also extended for a year however BBMR has captured any unused funds and balances are no longer available.

President Biden signed the COVID Relief Legislation that includes funding for state and local governments on March 11, 2021. At this point it is unclear whether additional funding might be made available to GWA from this relief package.

The Guam Visitors Bureau and the Guam Airport Authority had previously announced that COVID-19 testing for arriving passengers may begin, which could lead to changes in the mandatory 14-day quarantine. Additionally, negative coronavirus test results from Korea, Japan, and Taiwan could soon be accepted in time for the targeted reopening of tourism in May. However, GVB suggests arrivals are not likely to pick up until the third or fourth quarter of FY2021 and a full tourism recovery may not happen until 2024. The Guam Hotel & Restaurant Association has noted that about 3,000 military reside in Guam hotels.

GVB is exploring the possibility of a travel bubble arrangement with Taiwan. The Governor will be visiting Taiwan to help boost this plan in the upcoming months. Meanwhile, most airlines have continued to suspend flights to Guam.

As the recovery of Guam's economy is slower than expected, revenues are coming in below projections. A cost containment plan is in place in response to the revenue reductions. While sufficient cash reserves are in place, management will continue to assess the situation and make any course corrections required to ensure continuity of services to our customers while keeping the safety of our staff the highest priority.

A workshop was held with the PUC Consultants to discuss the progress of the Cost of Service (COS) Study and the Rate Application Model (RAM) on March 11; at least one other presentation on the status of the other stipulated studies may occur before the end of March. The COS as well as the other studies required by the PUC stipulation are due to the PUC on March 31, 2021. A presentation to the CCU will be scheduled in the upcoming weeks.

"Better Water. Better Lives"

The system upgrade is progressing, with the cutover scheduled for early May. A User Acceptance Test (UAT) is scheduled in late March and will allow all staff the ability to test the new software. A number of paperbased processes will be automated, and we hope to see a number of efficiencies with the implementation of the new system.

A draft of the audit was provided to the OPA on February 26, 2021. GWA continues to be a low-risk auditee with no material weaknesses, no significant deficiencies and no questioned costs. We hope to issue the report before the end of March.

Balance Sheet

- Total Assets & Deferred Outflows of Resources of \$1.129B in September 2020 decreased by \$5.45M or by 0% to \$1.124B in February 2021. Current Assets decreased by \$6.5M primarily due to reductions in federal receivables, prepaid expenses, and restricted cash offset by increases in unrestricted cash and trade accounts receivable. Property, Plant and Equipment increased by \$10.5M due to increases in property net of accumulated depreciation and construction in progress. Other Noncurrent Assets decreased by \$9M primarily due to reductions in restricted cash. Cash on hand was calculated at 293 days. Schedule G contains a schedule of restricted and unrestricted cash and investments.
- Liabilities & Deferred Inflow of Resources of \$869.9M in September 2020 decreased by \$13.3M or 2% to \$856.7M in February 2021 primarily due to reductions in contractors payable and interest payable.
- Accounts Receivable days were 49 in February 2021 down from 50 days in January 2021 and Accounts Payable days were 32 in February and January 2021.

Statement of Operations and Retained Earnings

- Total Operating Revenues for February 2021 of \$8.8M were 7% or \$707K less than budget and 7% or \$707K less than February 2020 due to the impact of the COVID-19 public health emergency and offset by the 5% increases effective in March and October 2020.
- Year to Date Operating Revenues as of February 2021 of \$41.3M were 13% or \$6.1M below budget of \$47.4M and \$5.4M or 12% below Year-to-Date Operating Revenues at February 2020 of \$46.7M.
- Below is the percentage of operating revenues (water and wastewater) contributed by GWA's customer classes for FY2021 and FY2020 Year to Date as of February as well as the revenue totals:

	Customer Class	FY202	21	FY202	20
0	Residential	\$20,478,994	50.59%	\$18,533,815	40.11%
0	Commercial	\$8,138,577	20.11%	\$9,503,458	20.56%
0	Hotel	\$5,124,225	12.66%	\$11,557,748	25.01%
0	Government of Guam	\$4,017,780	9.93%	\$4,036,621	8.73%
0	Federal Government	\$2,510,123	6.20%	\$2,362,033	5.11%
0	Agriculture, Golf Course, Irrigation	\$209,211	.52%	\$218,442	.47%

 Total Operating Expenses for February 2021 of \$6.7M were \$801K or 11% lower than budget. Total Operating Expenses for February 2021 were 9% or \$675K less than February 2020 with decreases in most expense categories.

GUAM WATERWORKS AUTHORITY

"Better Water. Better Lives"

- Year to Date Operating Expenses in February 2021 of \$34.1M were \$3.2M or 9% lower than budget. Year to Date Operating Expenses in February 2021 were \$2.3M or 6% less than last year's \$36.4M.
- Earnings from Operations for February 2021 of \$2.1M were 5% or \$94K less than budget and 1% or \$31K less than February 2020. Change in Net Assets for February 2021 of \$167K were \$2.6M less than the \$2.8M budget mainly due to \$2.7M less in Grants and \$5.4M less than February 2020 due to \$4.7M less in grants.
- Year to Date Earnings from Operations as of February 2021 of \$7.2M were 28% or \$2.8M less than budget of \$10M and 30% or \$3.1M less than YTD Earnings of \$10.3M as of February 2020. Year to Date Change in Net Assets as of February 2021 of \$7.9M were \$6.1M or 44% less than budget of \$14M. Year to Date Change in Net Assets as of February 2021 were \$7.9M or 50% less than YTD as of February 2020 of \$15.7M with decreases of \$3.4M in Non-Operating Revenues net of Expenses and \$1.4M less in grants.
