

GPA RESOLUTION NO. FY2023-07

RELATIVE TO CANCELLATION OF THE CABRAS 41MW RESERVE FACILITY

WHEREAS, Guam Power Authority (GPA) contracted with Guam Ukudu Power (GUP) for the construction of the Ukudu Power Plant and associated forty-one (41) MW reserve facility; and

WHEREAS, the 41MW reserve facility was required to be relocated to the Cabras industrial area to ensure the Ukudu Power Plant could be constructed using a minor source permit; and

WHEREAS, the GUP lenders required that GUP and GPA obtain legislative approval for an exemption to construct the reserve facility within 1,200 feet of a school, and legislative approval of a 30-year lease for both the Ukudu and Cabras lots; and

WHEREAS, the GUP contractor Doosan indicated that the 41MW reserve facility contract would need to be finalized prior to March 31, 2022, otherwise costs would increase substantially due to increased labor and material costs; and

WHEREAS, the 41MW reserve facility contract could not be finalized by March 31, 2022, as PL 36-91 was signed April 11, 2022, and PL 36-104 was signed June 15, 2022, and when GPA approached GUP and Doosan costs had increased substantially rendering the project not economically feasible, which resulted in GPA's decision to cancel the 41MW reserve facility; and

WHEREAS, GPA will save \$2M in variable costs associated with operation of the 41MW reserve facility, and will receive a credit from GUP for the value of the project minus costs incurred by GUP and its contractor; and

NOW, THEREFORE, BE IT RESOLVED, by the Consolidated Commission on Utilities, subject to the approval of the Public Utilities Commission, as follows:

1. The General Manager of GPA is authorized to negotiate with Guam Ukudu Power for the cancellation of the 41MW reserve facility.

RESOLVED, that the Chairman certifies and the Board Secretary attests the adoption of this Resolution.
